

Kamachi Sustainability Report 2024

Kamachi is committed to pioneering sustainable practices in the steel manufacturing industry. Our 2024 sustainability goals focus on reducing our carbon footprint and integrating renewable energy into our production cycle.

Key Achievements:

- 30% reduction in greenhouse gas emissions.
- 50% increase in the use of recycled scrap metal.
- Implementation of advanced water treatment and zero liquid discharge systems.

We build the future, responsibly.
